Dear Parents and Carers,

It has been a very busy half term so far. There have been trips, workshops and many exciting learning opportunities for your children to take part in. This newsletter will give you information about what your children have been learning about this term and some dates for the next half term.

Year 4 trip to Wembley Stadium

As part of their geography learning, year 4 went on an exciting trip to Wembley Stadium! They learnt all about countries around the world and their capital cities as well as learning how to have a debate. They also learnt all about the history of the stadium during the tour and got to experience what it is like to run down the player's tunnel! It was a fantastic day and their behaviour, as usual, was a credit to us all.

JUNE

This month's value is...

Courage

Courage means facing your fears- it doesn't mean never being afraid.
It takes courage to stand up for what is right!
It takes courage to overcome difficulties.

Year 4 science investigations

Year 4 have been learning all about the different states of matter and have been conducting a range of exciting experiments in class, practising how to read thermometers and using negative numbers.

The Queen's 90th Birthday!

All the children had a fantastic time celebrating the Queen's 90th birthday with a tea party of their very own. Next half term we will continue the celebrations with our commemorative School CD, which will be recorded on Monday 20th June.

Amazing home learning and costume making in year 3!

Year 3 'Sing, Sing, Sing' project

This half term, all of year 3 will be learning a selection of songs, which will be performed alongside two other schools on Monday 11th July in the morning. More details about this and recorder concerts will be given in due course.

I would like to take this opportunity to thank you all for the valuable support you continue to provide. Please feel free to come and see me if there is anything you would like to discuss.

With very best wishes,

Mrs S.Edwards
