**ComputerXplorers** is offering innovative & creative Technology After School Clubs for Years 5-6 in Apr 2017 at **Cannon Lane Primary School**.

### **Robotics Club** (£60 for 10 sessions)

Students will use the WeDo construction set to create robots that introduce basic principles of engineering, robotics and simple machines. They will also programme their robots using drag and drop commands.

During the construction and programming of their robots, the students will need to select parts and programming blocks that match those found in a visual set of directions. They will need to pay close attention to detail to build these models successfully. They will also learn to work together as a team for a common goal.

Our robotics club are great fun and brilliant for nurturing skills in maths, technology, mechanics, construction and engineering.

Come and Xplore the Robotics Club!

I am delighted to let you know we are running the Robotics Club at Cannon Lane School which will be running every **Thursday 27<sup>th</sup> April 2017 until Thursday 6<sup>th</sup> July 2017 from 3.15pm -4.15pm for Years 5 and 6 pupils**. The club will run 10 weeks and the cost is £60.00.

You can register your child on the club by completing the reply slip below and handing the form to the school office by Friday 21<sup>st</sup> April 2017. In the event that the club is over subscribed, names will be drawn out of a hat. Please do not make any payments yet, as you will be notified whether your child has been offered a place by Monday 24<sup>th</sup> April.

Cash or cheques need to be made payable to **ComputerXplorers Middlesex**

Your sincerely,

Deven Ratneshwar  
Director  
ComputerXplorers Middlesex
